

Dear friends,
Beautiful fall colors are all around us and we are grateful for cooler weather.

Last Saturday we celebrated Harvest Festival. This is our big community outreach event we have in our pastor James's yard. We invite all our friends and neighbors and this year we also invited all the all the Ukrainian families we know. They were glad for opportunity to meet each other and we were glad to meet new families and introduce them to our church family as well.

We had our traditional chili cook off competition, pumpkin carving and games for children and adults, and lots of candies and cakes. It was a beautiful sunny day and many people came.

Worship & Music

We continue to serve in worship ministry in 3 International churches. In September we spent weekend in Aix-En-Provence. Church in Aix has a coffee house which is one of their main ways of evangelism. On Saturday night we sang for 2 hours at the coffee house. They set up tables and chairs across the street from café in front of the museum. It was a very cool atmosphere and we had some great conversations about God afterwards. Igor talked to one Ukrainian lady (she said she is not a believer) and he invited her to come to church on Sunday since we were leading worship. She came and brought a friend with her as well. We are hoping to go back and sing at the coffee house again in December.

Art Therapy with Ukrainian refugees

Counseling ministry

God is continuing to use Jasmina's training in Psychology and Christian counseling. Beginning of October, she was in Budapest, Hungary. She worked with YWAM Budapest to help Ukrainian women who are refugees.

At the coffee house she organized art therapy workshop and offered individual counseling. It was hard to listen some of their stories (especially since some women have husbands who are in the army) but it was a blessing to be able to do this and in a small way offer support and encouragement.

Prayer requests:

- *Please continue to pray for Ukraine: for peace, for God's mercy, protection and provision. The destruction of houses and power stations (nearly 30%) by Russian attacks is especially hard as the winter is approaching and people may not be able to heat their houses. Igor's mom is still with us in France and we are grateful for that.*
- *Please pray for all the seeds that have been sown through different opportunities we had, here in our neighborhood, in Aix-En-Provence, and in Budapest.*
- *Pray for Jasmina as she has another opportunity to serve last weekend of November in Mostar, Bosnia. With another 2 Christian psychologist she will be leading weekend seminar about Self-care and offer individual counseling. Seminar is organized by the local church but is open to everyone from community.*
- *For Duncan family with whom we have been serving together in France for the past 10 years. They are moving back to US. We are excited for the next chapter God has in their lives but it is hard for us to say goodbye. Their daughter Isla and our daughter Mila are best friends since birth (both were born in France).*

*Blessings,
Jazzie & Igor & Mila*
